Re: Discontinuation of Products Effective Immediately

Dear Valued Customer,

To help ensure a consistent supply of high quality products, we periodically review our product offerings, the value our products bring to the markets they serve, and the need for those products within the markets served.

This notification is to inform you that Dow will discontinue the specific materials listed below, effective immediately:

Material Number	Material Description
3170616	DOWSIL™ 739 PLASTIC ADH GREY, 300ML CARTRIDGE
4074651	DOWSIL™ 786 M SLNT ALMOND, 300ML CARTRIDGE
4074665	DOWSIL™ 786 M SLNT GREY, 300ML CARTRIDGE
4023916	DOWSIL™ 786 M SLNT GREY, 205KG DRUM

Please recognize we are only discontinuing specific colors and/or packaging and not the full product line. No new orders or modifications to existing orders will be accepted. In the event of a submitted order, the order will be fulfilled in whole or in part subject to inventory and/or minimum order quantities.

Please contact your Dow Account Manager and/or Technical Sales and Development representatives to learn about possible replacement options to meet your needs.

Please cascade this information throughout your organization and, if applicable, to your customers that will need to find a replacement. Please contact your Account Manager with any additional questions or concerns.

Sincerely,

Cody A Schoener
